Student Applied Informatics
Vorst, Vlaanderen, België

Samenvatting

Hi are you interested in getting to know me? Great!

Things I like:

(computer) games, binge watching series and films

Things I dislike:

all sorts of bugs, white themed websites/apps

Trying to educate myself all of the time:

Bachelors degree in Media and Entertainment business

→ Experience: internship @META, internship @ThinkTomorrow and student job @LenMatecGroup

Bachelors degree in Applied Computer Science

→ Experience: looking for a student job in the IT industry

Ervaring

Lenmatec Group

Grafisch ontwerpster

juni 2022 - juli 2022 (2 maanden)

Tessenderlo, Vlaanderen, België

Tuurist

Chief Product Officer

februari 2021 - juni 2021 (5 maanden)

Vlaanderen, België

Tuurist is an app that increases cultural interest and visits in Flanders and Brussels through gamification and personalisation. The focus lies also on making all cultural information, culture passes and ticket sales easy to find on one platform only. By promoting staycation and providing maximum support to the cultural sector, we neutralize the the economic damage caused by the corona crisis. And at the same time we want to activate people to be more involved with culture by giving culture a sexier image.

Think Tomorrow

Student/stagiair

november 2020 - januari 2021 (3 maanden)

Herentals, Vlaanderen, België
